

Theme: Mirages- Things are not always what they seem!@

Instructions for Activity (Next Page)

This is a fun group activity. Get people into groups of 4-8 with mixture of ages. They all get question one to start. They find out the answer and then send a 'runner' up to the markers (2-3). They check it and then give the group the next one. (Alternatively each group can be given the whole pack to start...) but can only go onto the next when the previous one has been marked correct!

Each question to answer may take 2-3 mins... put a cut off time limit on it... adjust number of questions as you need to

Write the number of the group in the box on the right - it will poke out for easy identification

Cut out questions above, stack in order with this one on the bottom frc

Work out the rules i.e. good for young kids to bring up answers or all to take a turn bringing/writing

Readings and Thoughts

Mirages on the Internet

Other Resources/Ideas

Play

Magic Eye Book ... pass this around during the sessio.

art white and black tricks

Pictures of eyes ojn the walls to decorate church

Anyone in the church an eye specialist/optomitrist? Share

Any eye healings? Testimony!

Mirages- Things are not always what they seem!

All bible verses must be looked up by pupils - adults can help with using the contents - can point out old or new testament only.
